An affordable security deposit alternative

ResidentShield Deposit is a deposit waiver that is issued to meet the requirement of a security deposit at move in. At a fraction of the cost of traditional security deposits, which can range from 1-3 times the monthly rent, a deposit waiver guarantees that you will return your apartment in the same condition as when you rented it. You are still financially responsible for any damage.

Less cash up front, less worry when you move out

And while the cost of moving in is reduced, so is the worry about collecting a deposit refund after moving out. Now you can enjoy an easy and affordable alternative to a traditional security deposit that lets you move into your new home faster and keep more of your hard-earned money in your pocket.

ResidentShield Deposit replaces a traditional security deposit

Suppose your community requires a deposit equal to one month's rent — for example \$1,000. You pay it, and the community keeps that money for the life of the lease. As a more affordable option, purchasing a ResidentShield deposit waiver would allow you to cover the requirement and move in for only \$250. The waiver payment is non-refundable, but you would save \$750 in move-in costs.*

*Maximum sublimits may apply.

ResidentShield Deposit is easy to get

You can sign up for ResidentShield Deposit online and pay securely by credit card, debit card or electronic funds transfer (EFT) from your bank account.
